Gentlemen:

We have our new stock of all kinds of dried fruits, raisins and all kinds of nuts with the exception of walnuts on hand ready to fill orders.

Are you interested in any of these commodities. If there is, let us have your order and we will give you service that you won't forget.

You placed an order with us for evaporated apples; it has been such a long time ago that the order was placed, we are wondering whether or not you are still wanting the apples. A line from you will be greatly appreciated.

Yours very truly,

WOOD CURTIS COMPANY
