

STEAM VERSUS MULES---MAMMOTH AND PRACTICAL HAULING.

THE ACCOMPANYING CUT
Is from a photograph taken while at
work.

**It is Cheaper and More
Expeditions.**

One Traction Engine will do the
work of 60 mules.

Best's Traction Engines have been
in practical use for over two years,
hauling coal, lumber, gravel and
grain, one of which is now hauling
cane in the Sandwich Islands.

**It will do the work of
100 Horses,**

Plowing reduced to a minimum
cost, and from 35 to 45 acres plowed
each day at an expense of 50 cents
to 60 cents an acre.

Three sizes built, 30, 40 and 50-
horse power, and

**24 Best Traction Engines
at Work Now.**

It hauls the Gang Plow and Har-
row, propels the Best Combined
Steam Harvester and moves along
majestically with a train of wagons
loaded with grain for the warehouse.

GOLD MEDAL

Awarded the Best Traction Engine
by the State Agricultural Society at
Sacramento, 1890.
