

HENDERSON-LONGTON COMPANY

WHOLESALE
PRODUCE & FRUIT
FRONT & L STS.
SACRAMENTO, CAL.

Sacramento, Calif., Dec. 4th, 1911.

The prices quoted below are to-day's values. Our prices at time of shipment are governed entirely by market conditions.

RIVER POTATOES

No material change in the potato situation; prices remain the same and the receipts about equal the demand. The growers have the situation well in hand at the present time and they seem to be able to maintain prices. At no time have they showed any inclination to let loose of their holdings at lower prices.

Selected "Red Brand" Burbanks, pr sk, \$1.75
Choice Burbanks, per sack..... 1.40
Less 5c on 10-bag orders.
Special price on car lots.

OREGON POTATOES

Do not think because a few of the Oregon Potatoes that have been shipped from inferior districts have not given satisfaction that all Oregon Potatoes are of poor quality. We have delivered many cars the last thirty days and have had no trouble. We can deliver you a car within a few days' notice from the Jefferson district that we know will please you.

Fancy Jefferson Oregon Potatoes, per cwt....\$1.65
Less 5c in 10-bag orders.

PORTERVILLE NAVELS

We realize that Oranges are being quoted cheaper but it is our contention that the trade demand and want an Orange that is well colored and as near ripe as they can obtain at this season of the year and we are endeavoring to give it to them by buying the Central California Orange. Furthermore, we can give you the sizes you want—a straight car of large size Porterville Navel to be unloaded today.

Fancy Porterville Navel, all sizes, box..\$2.75

Northern California Navel, per box..\$2.50

Less 10c in 5-box orders.

CRANBERRIES

Only two more cars of Cranberries ordered for this market. We think it advisable to order what Cranberries you need for your Christmas trade to be shipped on arrival of the car, as we are inclined to think there may be a shortage.

BANANAS

The fruit has not been as good the last few days as we would like to have it. This is the warm, rainy season on the Islands and the importers have to bring the fruit across on refrigerator boats which often times chills the fruit somewhat. This season is about over and from now on the fruit will be good.
