* No doubt there will be many changes in *
* prices this month. We will try to keep you *
* advised of these changes weekly, by special *
* letters. *

THE market is weak, but we think some dealers are unduly alarmed, and we really believe that now is the proper time to buy what potatoes you will need for the next thirty days. Stocks are gradually cleaning up, and there is nothing more coming into the State. New Potatoes are maturing very slowly, and no doubt there will be a heavy demand for old potatoes. Any offerings we make are on first-class potatoes, good, firm stock.
