KING EDWARD

GRAND CHAMPION BULL LEWIS AND CLARK FAIR

SACRAMENTO, CAL., NOV. 30, 1910

Dear Sir:—I take this means of notifying you that I am to hold my

THIRD ANNUAL SALE

on January 3d, 1911, at Chase's Pavilion, No. 478 Valencia Street, San Francisco, California.

As I am retiring from the cattle business, this will be the dispersal sale of this Great Herd of Cattle, and it will pay anyone who is interested in the improvement of the cattle on this coast, to attend this sale, as they are at the bidder's price and will be sold without reserve.

These cattle represent the highest perfection of the breeder's art of England and America, in producing the highest quality and the greatest quantity at the least expense.

In competition with the prominent breeders of both the East and the West, at the Alaska-Yukon Exposition held in Seattle last year, I was awarded the Premier Championship Diploma for breeding the greatest number of prize winners.

I have won nearly all of the first prizes at the State Fair in California the last six years, as well as many ribbons at the World's Fair in Portland in 1905.

I will also sell at the same time, forty head of yearling and two-year-old bulls, a great number of which are sired by King Edward, and the quality and pedigree of all of them will satisfy the most critical judges.

The most liberal guarantee goes with every head as to breeding, leaving no responsibility with the bidder except the value he or she may place on them and the grass for the future.

These Cattle have not been pampered, but are ready to go on the range and do as well or better than your own are doing.

My catalogue will be ready in a few days, and will be pleased to mail you and any of your friends a copy at your request.

Yours very truly,

MRS. J. H. GLIDE.

250 Range Bulls for sale.
