Monday starts the great Removal Sales upon the second week of eventful savings

A quick response has come to the hundreds of reductions which have been made on seasonable merchandise which we do not wish to take to the new building at Twelfth and K Streets.

Many new items will be added next week. For the benefit of Store News readers an unusually low price is made on the women's silk hose special below. Only a few of the hundreds of other specials could be described in this issue.

Our liberal policy of refunds and exchanges prevails, as usual. An increased sales force and augmented delivery facilities mean quick and convenient service throughout the sale.

Removal Sales---Store News Special
