July Nineteenth 1917

Inland Press,  
Sacramento, California

Gentlemen:

When we opened our ledger leaves, we were very disappointed to find that you had substituted cheaper leaves on us. We considered so long, etc. and finally decided that we wanted what we had before. (Pacific Ledger).

It would probably have been cheaper in the long run for us to have accepted the other bid, which was only a trifle higher, for then we believe we would have gotten what we ordered.

Yours very truly

J.D.LAUPPE
