SALE WILL BE HELD IN LIVE STOCK PAVILION

ANNOUNCEMENT.

In presenting this catalogue of a draft of Short-Horn Cattle from the leading herds of California, the State Board of Agriculture, recognizing that the success of this first sale will mark the beginning of an institution that is calculated to be of great value in the grading up of California live stock, has spared no effort, and has succeeded in getting together a very high class offering.

While this year the representatives of but one breed of live stock, namely, the Short-Horn breed, responded to the request of the Board for entries, it is hoped that the appreciation which will undoubtedly be accorded this offering will result in a more general entering of the various breeds in the next sale.

Individually, the cattle whose pedigrees are herein set forth are equal in quality to any that could be purchased anywhere in the United States or abroad. Let every California stockman who is at all progressive attend the 1909 California State Fair, and make a thorough inspection of this offering. The cattle can then speak for themselves.

J. A. FILCHER,
Secretary.
